Quadra Cuts Advanced Thyroid Support is designed to support optimal thyroid gland function for those who are dieting to lose body fat and want to support proper thyroid function.

**KEY FEATURES**
- **Essential Nutrients and Herbs for Optimal Thyroid Gland Function**: Following research, a comprehensive Thyroid Support blend was developed to support optimal thyroid function.
- **Hypothyroidism**: The unique thyroid formula supports healthy levels of T3 and T4, making it an effective thermogenic aid to support weight loss.

**KEY MESSAGES**
- Proprietary Quadra Cuts Advanced Thyroid Support Blend contains a potent combination of shungite, guggul, Coleus forskohlii, Ashwagandha (Withania somnifera), and Bauhinia purpurea extract.
- Guggul extract is standardized to contain 98% Z and E guggulsterones for maximum potency.
- Coleus forskohlii extract standardized to contain 10% forskolin, containing 15 mg of the active ingredient forskolin, to stimulate the action of cyclic AMP. This helps in fat loss by increasing the body's metabolic rate and maintaining healthy cholesterol levels.
- Ashwagandha (Withania somnifera) and Bauhinia purpurea (12:1) extracts are included to support healthy thyroid function and maintain healthy cholesterol levels already within the normal range. The special guggul extract used in the Quadra Cuts Thyroid Support Blend is highly concentrated to contain 98% Z and E guggulsterones for maximum potency.
- L-Tyrosine is included in the formula for its role in the production of thyroid hormones (T3 and T4).
- The addition of ashwagandha and Bauhinia purpurea extracts to the formulation helps in supporting the health of the thyroid gland and healthy thyroid hormone production.
- Ashwagandha root extract was included because it has been used for thousands of years in traditional Indian medicine.

**Product Data Sheet**

**Size:** 60 Capsules  
**Serving Size:** 2 Capsules  
**Servings Per Container:** 30

**Supplement Facts**

- Ashwagandha (Withania somnifera) extract (10:1), providing 450 mg of standardized withanolides.
