Emerge is a powerful fat loss and body composition slenderizing system specially formulated to inhibit appetite, promote the release of fat from stored fat cells and accelerate the burning of fat for fuel. Emerge contains clinically proven weight loss ingredients to suppress appetite, provide maximum calorie burning specifically from fat, increase energy and elevate the body’s metabolism. The combination of selected ingredients promotes a metabolic shift, scientists describe as “fuel partitioning” by shifting the burning of fat as fuel rather than fat for storage. By using a product like Emerge, fuel partitioning benefits can ultimately lead to enhanced lean body composition changes.

Emerge contains the patented ingredient Advantra Z™, an extract of a citrus fruit (Citrus aurantium). Advantra Z™ contains a natural and synergistic family of bioactive amines including synephrine, N-methyltyramine, hordenine, octopamine and tyramine. The naturally occurring form of synephrine in Advantra Z™ is called P-synephrine and is the safe form for humans. Advantra Z™ has been shown to be safe and effective in human ingestion, stimulating metabolic thermogenesis, increasing the breakdown of fat (lipolysis), increasing the ratio of lean muscle to total body mass, improving athletic performance and exerting an appetite suppressing effect. Additionally, Advantra Z™ increases metabolic rate without affecting heart rate or blood pressure.

Caffeine has been added to Emerge as an extensively researched ingredient that enhances fuel partitioning and providing an effective thermogenic, metabolic, and fat oxidation effect in humans. Green Tea Extract, containing highly concentrated levels of EGCG, has been added as numerous published studies have now shown that EGCG is effective in reducing body weight, mainly body fat, by increasing thermogenesis and fat burning. Green Tea Extract boosts and supports mood, enhances energy and promotes a sense of well-being. The addition of Panax Ginseng and Glucuronolactone further promotes well being, energy, mood and focus. Caffeine enhances the effectiveness of Advantra Z™, Green Tea Extract and Panax Ginseng.

L-Carnitine is absolutely essential for all fat metabolism to take place in cells and the body cannot burn a single molecule of fat without L-Carnitine. In terms of function, it plays a critical role in transporting fatty acids into the mitochondria, “the furnace of the cells”, for fat burning to produce energy (technically known as β oxidation). L-Taurine is a non-essential sulfur containing amino acid with high concentrations in skeletal muscles. The combination of Caffeine and L-Taurine appears to be beneficial for enhanced endurance performance. L-Taurine promotes the formation of taurocholate which supports fat metabolism in the liver.

Octopamine is known to exert adrenergic effects in mammals stimulating alpha(2) -adrenoceptors and stimulating fat breakdown through beta(3)-adrenoceptors. NADH is the body’s energy transporter. The NADH molecule is how the body transports energy during muscular contraction as well as countless other reactions. Adenosine is found in ATP (Adenosine Tri-Phosphate), the energy molecule in the body. Adenosine has the ability to dilate blood vessels thereby enhancing circulation and improving oxygen utilization for support of fat use as energy. Vinpocetine also has antioxidant properties. Evodiamine is a unique compound that acts on the vanilloid receptors to help with body fat utilization.

Emerge will provide you with the most complete and satisfying body composition optimizing system to produce the great body you are after.
Supplement Facts
Serving Size: 1 Scoop (Approx. 18 g)
Servings Per Container: 30

Proprietary Emerge Slenderizing Complex: 1387 mg
- Camellia sinensis (leaf, 45% EGCG), Hoodia gordonii, Advantra Z® (Citrus aurantium), 60% synephrine alkaloids, L-Taurine, Panax Ginseng Powder
- Glucuronolactone, Adenosine, Octopamine, L-Carnitine, Yohimbine, Vinpocetine, NADH, Evodiamine

Percent Daily Values are based on a 2,000 calorie diet.
**Daily Value not established.

Directions: As a dietary supplement test your tolerance by taking one half (1/2) scoop with 8-16 oz of cold water. After tolerance test, you may take one (1) scoop with cold water. Water can be adjusted up to 16 ounces for taste preference. Stay well hydrated throughout the day while using this product especially in hot and humid temperatures. DO NOT TAKE AFTER 6 PM. MAY CAUSE SLEEPLESSNESS. DO NOT EXCEED FOUR (4) SCOOPS PER DAY.

MUST REFRIGERATE AFTER OPENING FOR QUALITY.

OTHER INGREDIENTS (Cherry Tart): Sta-Lite III Polydextrose, Fructose, Fibersol-2®, Malic Acid, Citric Acid, Natural & Artificial Flavors (FD&C Red No. 40 and Blue No. 1), Tri-Calcium Phosphate, Acesulfame Potassium, Sucralose Sweetener, Silicon Dioxide, Silicon Dioxide

OTHER INGREDIENTS (Grape Blast): Sta-Lite III Polydextrose, Fructose, Fibersol-2®, Malic Acid, Citric Acid, Natural & Artificial Flavors (FD&C Red No. 40 and Blue No. 1), Tri-Calcium Phosphate, Acesulfame Potassium, Sucralose Sweetener, Silicon Dioxide

OTHER INGREDIENTS (Strawberry Lemonade): Sta-Lite III Polydextrose, Fructose, Fibersol-2®, Malic Acid, Citric Acid, Natural & Artificial Flavors (FD&C Yellow No. 6), Tri-Calcium Phosphate, Acesulfame Potassium, Sucralose Sweetener, Silicon Dioxide

OTHER INGREDIENTS (Watermelon Splash): Sta-Lite III Polydextrose, Fructose, Fibersol-2®, Malic Acid, Citric Acid, Natural & Artificial Flavors (FD&C Red No. 40), Tri-Calcium Phosphate, Acesulfame Potassium, Sucralose Sweetener, Silicon Dioxide

WARNING: NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF PREGNANT OR NURSING. Consult a physician before starting any diet and exercise program and before using this product. Do not take this product if you have a medical condition. Discontinue use and call a physician or licensed health care professional immediately if you experience unexpected side effects. If taking prescription medications, consult a licensed health care professional prior to use. This product contains 300 mg caffeine per serving. Individuals who consume caffeine with this product may experience serious adverse health effects and those that are sensitive to the effects of caffeine should consult a physician before consuming this product. Improper use of this product may be hazardous to a person’s health. Stay well hydrated throughout the day by drinking at least 2 liters of water daily when using this product.

Advantra Z® is a registered trademark of Nutratech, Inc./Zhishin, LLC licensor of U.S. Patents 6,224,873; 6,316,499; 6,340,481; 6,340,482 and Canadian Patent 2,248,854.

CAFEINE SHOULD CONSULT A PHYSICIAN BEFORE CONSUMING THIS PRODUCT. IMPROPER USE OF THIS PRODUCT MAY RESULT IN SIDE EFFECTS. IF TAKING PRESCRIPTION MEDICATIONS, CONSULT A LICENSED HEALTH CARE PROFESSIONAL PRIOR TO USE. THIS PRODUCT CONTAINS 300 MG CAFFEINE PER SERVING. INDIVIDUALS WHO CONSUME CAFFEINE WITH THIS PRODUCT MAY EXPERIENCE SERIOUS ADVERSE HEALTH EFFECTS AND THOSE THAT ARE SENSITIVE TO THE EFFECTS OF CAFFEINE SHOULD CONSULT A PHYSICIAN BEFORE CONSUMING THIS PRODUCT. IMPROPER USE OF THIS PRODUCT MAY BE HAZARDOUS TO A PERSON’S HEALTH. STAY WELL HYDRATED THROUGHOUT THE DAY BY DRINKING AT LEAST 2 LITERS OF WATER DAILY WHEN USING THIS PRODUCT.

ALLERGY INFORMATION: Manufactured in a facility that processes milk, soy and egg proteins, peanuts, tree nuts and wheat.

THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.
